Dr. Maliha Farjana *Dentist*

malihal822@gmail.com +8801719722558

Dhaka, Bangladesh

Profile

As a dentist and public health specialist in EHS, my vision is to elaborate a future society where communities would be well-guarded against environmental hazards and the public's health would greatly improve by being proactive. My goal is not only be to enhance the quality of dental care but also contribute toward broader public health goals and environmental sustainability.
